OBJECTIVE

- Results-driven Software Engineering Leader/Developer with 9+ years of experience building scalable mobile and web applications from scratch, leading high-performing teams, and driving product adoption. Seeking to leverage expertise in ReactJS, React Native, Next.js, Nodejs and cloud platforms to deliver user-centric, high-performance digital products while contributing to organizational growth and innovation.

EXPERIENCE (9.3 YEARS)

- **SaveIN Fintech Private Limited (Fintech Rising Star of the year 2023)** — Gurgaon
  Frontend Team Lead (Full-time) — *Sep 2022 - Present*
  - **Revitalized company technology stack**: by re-architecting mobile apps, web portals, and internal admin panels; scaled monthly loan disbursements from 3–4 crore to 40 crore within the tenure.
  - **Delivered high-impact products**: including 2 flagship mobile applications, 4–5 business-critical web applications, and an SEO-optimized website, significantly boosting merchant adoption and online visibility.
  - **Overhauled infrastructure and security**: by restructuring AWS architecture, implementing VAPT and CICRA compliance, and streamlining CI/CD pipelines for faster, more secure deployments.

- **Digichal Consultancy Private Limited** — Gurgaon
  Senior Software Developer (Full Time) — *Apr 2021 - Aug 2022*
  - **Built DigiChal's product ecosystem from the ground up**: including the flagship shopkeeper mobile app and a customer-facing web portal, onboarded **5,000+** vendors and achieved **10K+** app downloads within the first 6 months.
  - **Delivered high-performance, scalable applications**: by optimizing API architecture, enhancing load speeds, and ensuring a seamless user experience across mobile and web platforms, resulting in 10K+ app downloads and strong adoption.

- **Pidge (Silicon India Spotlight Award 2022)** — Gurgaon
  Senior Software Developer (Full Time) — *Aug 2019 - Mar 2021*
  - **Developed and launched**: customer- and rider-facing mobile applications with real-time order tracking and delivery capabilities, driving **100K+** downloads and improving delivery efficiency.
  - **Built and optimized**: internal web applications and the company's marketing website, enhancing UI/UX and improving site performance through code optimization, caching strategies, and responsive design.

- **Binbill Service Private Limited** — Gurgaon
  Frontend Developer (Full Time) — *Aug 2017 - Jul 2019*
  - **Led development**: of mobile applications for bill tracking and shopkeeper sales management, reducing manual billing processes by 40% and increasing merchant engagement by 30%.
  - **Automated internal processes**: via custom web applications and maintained customer-facing websites, implementing promotional strategies that improved user retention and conversion rates.

- **Creative Appography Research Labs Private Limited** — New Delhi
  Frontend Developer (Full Time) — *Jul 2016 - Jul 2017*
  - **Developed and maintained**: responsive, secure web applications for fantasy sports leagues and government fund management, ensuring cross-device compatibility and data protection.
  - **Built a full-featured e-commerce platform**: for online wire and cable sales, improving checkout flow and boosting conversion rates by 20% within the first quarter after launch.

EDUCATION

- **Birla Institute of Technology, Mesra** — Jharkhand
  Bachelor of Engineering - Computer Science and Technology; CGPA: 7.2 — *July 2012 - June 2016*

SKILLS SUMMARY

- **Frontend**: ReactJS, NextJS, React Native, JavaScript, TypeScript, Angular(2+), HTML/CSS
- **Backend** : NodeJs, JavaScript, SQL
- **Frameworks**: Bootstrap, Material UI, Tailwind, AntD, HapiJS
- **Tools**: Git, GitHub, Bitbucket, Postman, Docker, Figma, Jira, Trello
- **Platforms**: Linux, Windows, Raspberry, AWS, GCP, Digital Ocean
- **Other Skills**: Leadership, Time Management, Strategic Planning and Execution, Agile/Scrum Methodologies

HONORS AND AWARDS

- **Best Techie Award**: SaveIN (2023) for outstanding contributions to technology and innovation.
- **Best Employee Award**: Pidge (2020) for exceptional technical expertise and leadership.
- **Google Code Jam 2014**: Qualified in this prestigious global coding competition.
- **1st Place**: WriteACode (IEEE 2014) competitive programming event.
- **3rd Place**: ACM Chapter weekly coding competition, BIT Mesra (2013–14).
